Mysql table -> Users

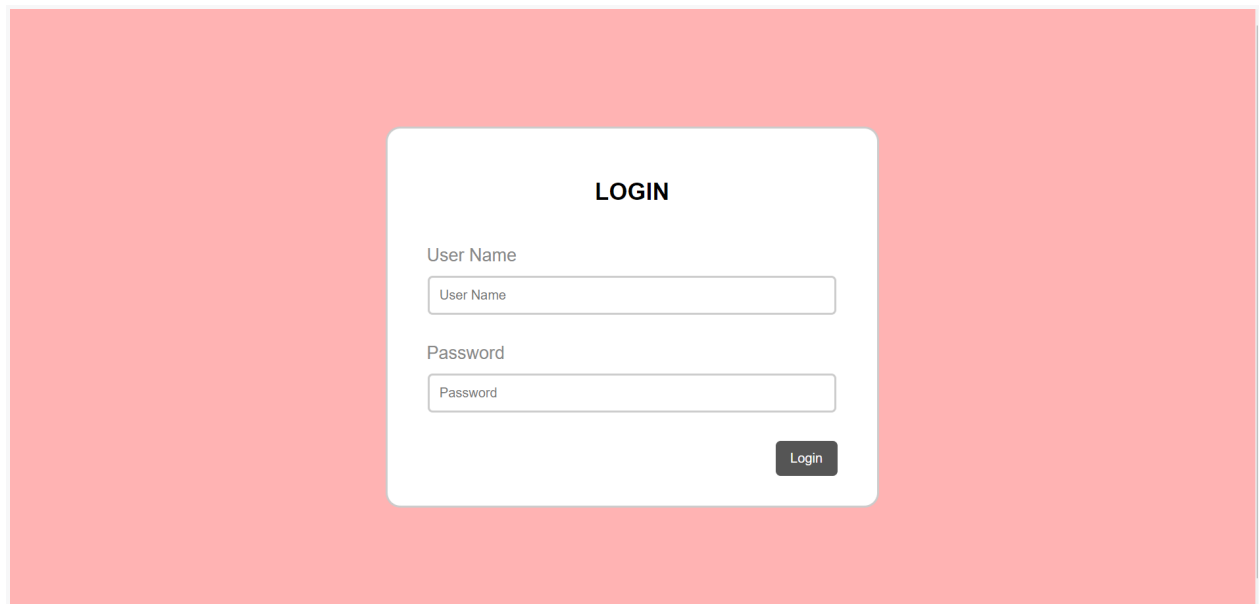

(Table that stores the existing users with their relevant information)

PHP Files and detail of every page is as followed ->

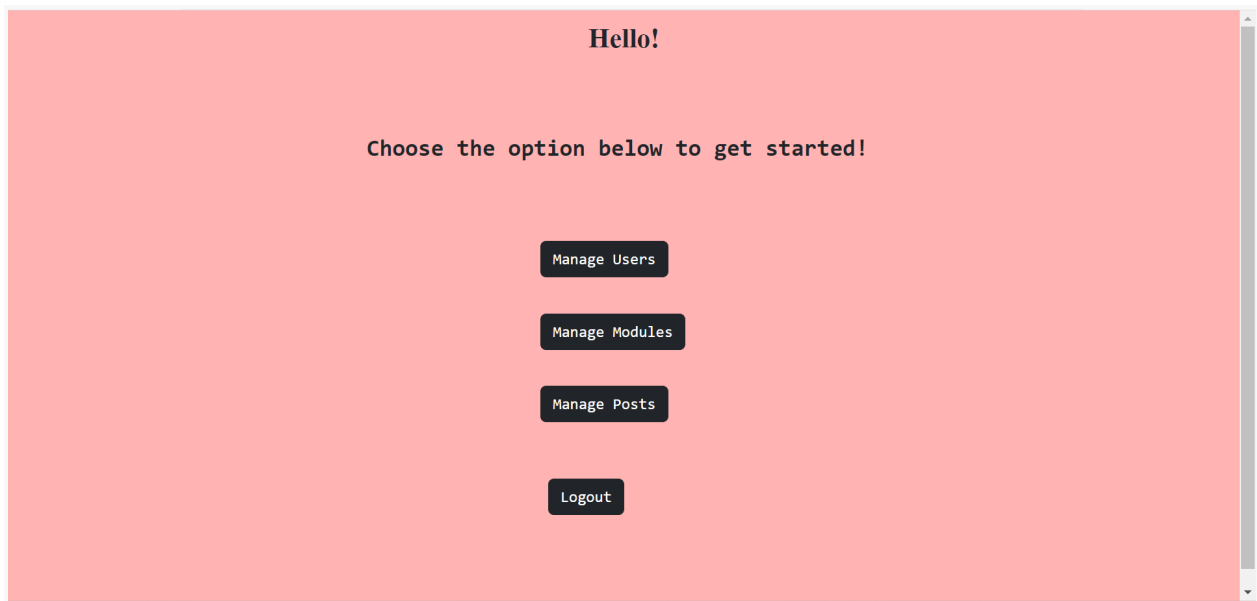

Index_login.php

(This is the starting page that is used to login into the system, there are two types of users, admin that has access to everything and user that has limited access)

A.php

(This is the home page after login for ADMIN with access to all kinds of functionality available)

user.php

(This is the home page for USER with access to only posts/questions and also contact form)

Index_user.php

(This is the web front that shows existing users and is used to manage users)

List of existing Users:

Add New

ID	User Name	Name	Password	Email	Role		
1	admin	admin	admin123	abc@gmail.com	admin		
2	nandita	nandita	nandita	nandita@gmail.com	user		

Edit_user.php

(This is the web front to edit user information)

Logout

Testing login: User

A login form is centered on a solid pink background. The form is a white rounded rectangle with the title "LOGIN" in bold black text at the top. Below the title, there are two input fields. The first is labeled "User Name" and contains the text "Test". The second is labeled "Password" and contains four dots "....". To the right of the password field is a dark grey button with the text "Login" in white.

On login

The post-login screen has a solid pink background. At the top, the text "Hello!" is centered in bold black font. Below it, the text "Choose the option below to get started!" is centered in a monospaced black font. At the bottom, three dark grey buttons are stacked vertically and centered. The buttons contain the text "Manage Posts", "Contact Admin", and "Logout" in white.
